REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Though the prior art indicates numerous aspects of the present invention, art was not found which disclosed a metering gas dispense having at least one pressure and at least one temperature sensor located inside the metering chamber and at least one pressure and at least one temperature sensor located outside the metering chamber, together in combination with the other claimed features of the applicant's invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Schroeder shows a pneumatic system as seen in Fig. 1 having a temperature sensor 76 to meter the temperature at the outlet of the gas dispenser. Miller shows a density compensated gas flow meter having multiple pressure sensors.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin A. Cartagena whose telephone number is (571) 272-4924. The examiner can normally be reached on M-F (7:30AM to 4:00 PM).
